

GEC Field	2024 May Program List Program Name
Finance	Fundamentals of Finance
Finance	Value Investing: A Modern Perspective
Finance	Financial Statement Analysis
Finance	Topics in Entrepreneurial Finance
Marketing	Digital Marketing Strategy
Business	Machine Learning for Business Applications
Business Administration	Entertainment, Media and Technology Businesses
Marketing	Global Sports Fandom
Economics	Behavioral Economics
Economics	Introduction to Causal Inference in Econometrics
Economics	Urban Futures
Management	Managing Data and Digital Technology for Strategic Advantage
Management	Global Sports Fando
Computer Science	Biologically Inspired Robotics
Computer Science	Machine Learning Essentials
Computer Science/Data Science	Deep Learning and Neural Networks: Theory and Applications
Computer Science	Integrated and Deep Reinforcement Learning
Computer Science	Analytical Design and Performance Evaluation
Software Engineering	Optimization Techniques for Shared Economy
Computer Science	Modern Data Visualization of Big Data
Computer Science	Computer Vision for AR/VR
Neuroscience	Introduction to Neurotechnology
Information Engineering	Hardware for Machine Learning
Electrical Engineering	
	Digital Integrated Circuits — The Past and The Future
Information Engineering Energy Engineering	Computational Photography The Motor of Society: Heat Engines and Their
Energy Engineering	Thermodynamics
Energy Engineering	Energy Technology for the 21st Century
Environmental Engineering	Pathways and Technologies for Carbon Neutrality
Engineering Management	Decision and Risk Analysis using Machine Learning
Computer Science	Puzzles and Paradoxes, and the Mathematics Behind Them
Mathematics	Fourier Analysis and Applications
Mathematics	A Course in Game Theory
Mathematics	Introduction to Probability and Statistics
Mathematics	Introduction to Probability and Statistics
Mathematics Astrophysics	Introduction to Probability and Statistics Astrophysics: Simulating the Universe
Mathematics Astrophysics Biotechnology / Pharmacy	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerio	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing ng GEC Global Competence Courses in May 2024
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing ng GEC Global Competence Courses
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing ng GEC Global Competence Courses in May 2024 Program
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR)
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China
Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education Hubei University of Technology GEC Customized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success Interdisciplinary Studies
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education Hubei University of Technology	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success Interdisciplinary Studies Lectures for Universities in May 2024 Topic
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offerions School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education Hubei University of Technology GEC Customized	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotheraples Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success Interdisciplinary Studies Lectures for Universities in May 2024 Topic A Path to Al-Related Multidisciplinary Scientist
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education Hubei University of Technology GEC Customized School Name South China University of	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotherapies Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success Interdisciplinary Studies Lectures for Universities in May 2024 Topic A Path to Al-Related Multidisciplinary Scientist Knowledge Representation in Artificial Intelligence
Mathematics Astrophysics Biotechnology / Pharmacy Biomedical Science Biostatistics Nutrition Sports Medicine Universities offering School Name Shanghai Jiao Tong University GEC Personalized School Name Chongqing University of Education Hubei University of Technology GEC Customized School Name South China University of	Introduction to Probability and Statistics Astrophysics: Simulating the Universe Understanding Biotechnology Medicines Cancer Biology and Cancer Immunotheraples Biostatistics and Public Health Nutrition and Health Novel Clinical Tools for Cartilage Regeneration and Fracture Healing Ing GEC Global Competence Courses in May 2024 Program Global Competence Development Programs for Universities in May 2024 Program Comparative Analysis of Education Systems: Theory, Policy, and Research Schooling and learning for the knowledge Modeling Learning and Becoming a Better Teacher Learning Design for Different Media (mobile, online, simulations, games, VR/AR/XR) Approaches to Pedagogical Innovations: Teaching and Learning in the 21st Century Comparative Perspectives on Schooling in the US and China Entrepreneurship and Innovation The "Why Now" Question: Timing in Business Success Interdisciplinary Studies Lectures for Universities in May 2024 Topic A Path to Al-Related Multidisciplinary Scientist
